

WEX benefits card

Customize your fully flexible, multi-account benefits debit card from WEX.

Lead with your brand or ours. Whether you want to customize the benefits card with your brand and/or logo, or go to market with WEX, we've got you covered.

ONE debit card for health + commuter benefits

No matter what accounts a participant enrolls in (HSA, FSA, HRA, commuter benefits, or a combination), they only need ONE debit card for all their accounts because our technology can pull from the right account (at the right percentage) based on their purchase.

From a stacked employee benefits offering to a Medicare Advantage debit card.

No matter what accounts a participant enrolls in (HSA, FSA, HRA, commuter benefits, or a combination), they only need ONE debit card for all their accounts because our technology can pull from the right account (at the right percentage) based on their purchase.

Members enjoy quick access to funds via a VISA or Mastercard restricted, prepaid debit card for supplemental benefits such as dental, vision, hearing, fitness, chiropractic, acupuncture, groceries, OTC, home services, and more.

Mobile Payments

Participants can add their debit card to their mobile wallet to take advantage of contactless payment options.

Just need the benefits debit card? No problem. Whether you just need our debit card technology or access to the full capabilities of the WEX benefits platform, we can help create the experience you want.

Achieve up to 95% auto-substantiation rates*

With our IRS substantiation protocols (along with our track record of working with the IRS to develop compliance around substantiation), we help partners reduce customer service calls and increase participant use (and satisfaction) by making it easy for their eligible payments to automatically substantiate, without compromising on compliance.

Fast Fact

We are a founding member of SIGIS, and were one of the first debit card providers in the benefits industry.

*When using our recommended auto-substantiation methods.

Our innovative solutions simplify benefits for everyone

Features like EOB smart scan within our mobile app make it easy for participants to substantiate and track purchases if needed.

Our unique funding model makes it easy for our partners to offer a card without having to provide funding up front, so you're only charged as participants swipe their cards on purchases.

Our card technology is smart enough to be compatible with auto-pay, streamlining the experience and maximizing flexibility for both participants and partners.
